Section 2. Article V is to be amended as follows:

The by-laws of the constitution may be changed by a two-thirds vote of the student council.

(g) The number of members to be on the rally squad will be decided by the student council each year.

STUDENT COUNCIL

The Student Council handles a large percentage of the student affairs at Astoria High School. Although it is under the jurisdiction of the administration, it capably handles the problems of the student body in an efficient manner with little or no help.

The fairly large council of thirty-three members has a distinct advantage over the groups at Astoria High School in former years when the council seldom consisted of more than six or seven members. The student body is more adequately represented and has the opportunity to voice its opinion more actively.

The thirty-three members who make up the council include the following: the student body officers who are president, the three vice presidents, secretary, treasurer, yell queen, Astor Post editor, Assistant Astor Post editor, the student athletic manager, and the Zephyrus editor; the four class presidents; a representative from each fourth period class; and the principal and vice principal of Astoria High.

The representatives do exactly what their title implies, represent the students. They bring the students' opinion to the council where the problems facing the student body are analyzed and solved.

The council is divided into seven committees whose chairmen meet each week to determine business for the council and to decide the way the problems will be introduced to the larger group. The seven committees are awards, assemblies, parking and traffic control, legislative, school spirit and morale, grounds and building and safety.

SCHOOL FINANCES

Money from all organizations in the Astoria High School is deposited through the office. Two sets of books are kept, one by the faculty financial adviser Miss Lamb, and one by the treasurer of the student body. Each class and organization keeps a separate account of all receipts and expenditures. These books are checked at stated times with the books of the financial adviser.

The student body funds are expended by action of the student body, and organization funds by action of the club or class adviser. All bills are paid by checks signed by the principal. A financial statement of all money received and expended is made each month and filed in the office.

SCHOOL PROPERTY

This is your school building and you should therefore care for it in the same manner as your own property. Care of school property on the part of the students show an appreciation for what has been provided. We are not in the position to request the school district for additional equipment unless we show ability and the desire to take proper care of what we already have.

CLEARING THE BUILDING

Students should be out of the school building by 3:45 o'clock, unless they are staying under the supervision of some teacher.

STUDY HALL REGULATIONS

Students leaving a study hall for another room or the office, must sign up on the study hall slip which is provided by the teachers in each room. Not more than one boy and girl is permitted to leave the room at one time, everyone being required to return within a three-minute period if not especially excused for a longer time. Students should not converse with each other except when granted permission by the teacher in charge. When such permission has been granted, the pupil should communicate only for a reasonable time.

TARDINESS

Students who arrive at school after 8:40 in the morning or 12:45 in the afternoon, are required to report directly to the office. The office will issue a tardy blank which will serve as a pass to enter class.

PRE-EXCUSES

Students wishing to be excused from any or all classes after reaching the building must secure an excuse blank at the office and have it filled out by all of the teachers on your regular schedule. After the dean and the vice principal have also signed the blank, it must be returned to the office where it is kept for reference. Admittance slips are also required when a student is late to one of his classes. These can also be secured at the principal's office.

EXCUSES

Students who have been absent from school for any length of time must bring a written excuse from home stating the reason for absence and signed by a parent or guardian. The girls excuses are brought to the dean and the boys to the vice principal. You will then receive an excuse blank which is to be signed by all of your teachers and returned to the office at the end of the day.

Students who fail to bring an excuse are given a temporary unexcused absence form, which will

be replaced by an excused absence form when a satisfactory excuse is brought from home.

DEAN'S ROOM

The Dean's room is a room in which girls who become ill during school hours may go and rest.

The Dean's room is under the supervision of a high school teacher and during the seven periods of the day she has helpers who are called Dean's Lieutenants.

From this room you may also obtain cough drops, Kleenex, pencils, Anacins, or any type of medicine you may need.

This room is not to be used by any student as a study hall.

STUDENT CONDUCT

It has come to be a recognized fact that all students with the Astoria High School spirit, conduct themselves like ladies and gentlemen not only in school but elsewhere and on all occasions.

When in school the following regulations should be observed:

- 1 Do not run in the halls.
- 2 Do not whistle or shout in the halls.
- 3 Keep all refuse and paper off the floor.
- 4 Do not scratch the desks and lockers.
- 5 Be careful of ink. Keep it off the floors and desks.
- 6 Let every student try to preserve the building in the same condition in which it was at the beginning of the year.
- 7 School grounds and property to store policed by Freshmen.

STUDENT EMPLOYMENT

Many students in the High School are partially self-supporting. Students are able to secure employment of different types by leaving their names with the principal in the office. Girls leave their names with the dean of girls.

NON-RESIDENTS

Non-residents, that is pupils whose parents live outside of the Astoria school district, are allowed to go to the Astoria High School if there is no accredited high school in their district. In this case the school district from which the student comes pays the tuition. If a student lives within a district where there is an accredited high school but insists on coming to the Astoria High School, then he must pay tuition. Students over 21 years of age must also be required to pay tuition.

GRADING SYSTEM

The grading system at A. H. S. is:

- A (93-100) Superior
- B (86-92) Excellent

A meaning (93-100) Superior, B(86-92) Excellent, C(77-85) Average, S Passing, D(70-76) Passing, and U(Below 70) Failure.

If a Report Card is not returned to school a fee must be paid for making out a new card. This fee is ten cents.

A student body activity ticket is bought by every student at the first of the year who wishes to be a member of the student body. The ticket costs \$5.00 and enables the purchaser to attend all games, plays, concerts, other student body privileges, and to receive the Astor Post free of charge.

PARKING AREAS

Students who bring cars to school may park them in the space provided in back of the school.

Some progress has been made to enlarge this space, and it is hoped that the work will be completed soon. Teachers may park their cars along side of the school on 16th Street and on Jerome except where there are NO PARKING signs.

Students will not be excused from classes to answer the telephone, except in case of emergency. The telephone for student's use is right next to the office door and may be used any time.

Lunches are to be eaten in rooms 1, 2, 4, and 5 and the trays are to be brought back to the cafeteria and stacked when through. Lunch tickets can be purchased in the book room which is directly across from the office every Monday morning. Other mornings, they can be purchased in the office.

ASSEMBLIES

Student body meetings are held in the gym whenever the student body president and principal think a meeting is necessary. Other assemblies are national assemblies, talent assemblies and many others.

Students may obtain Free Reading Passes from the Librarian permitting them to go to the library with only the study hall teacher's signature. While there they may read any library materials they wish. These Passes are good for one month and may be renewed. Passes are revoked for the following reasons: student's inability to be quiet, or the appearance of his name on the Warning List or Ineligible List.

The Reference room is reserved for people who have reference work to do. Please ask and receive permission from the librarian before you enter the reference room to study.

5. Hours

The library is open from 8 o'clock until 4 o'clock. Students may enter the library freely before and after school and at noon. All students are expected to move quietly and create no disturbance.

6. Circulation of books, magazines and phonograph records.

Books are generally circulated for a period of two weeks.

Books may be renewed if they are not reserved for someone else.

Books or magazines on reserve may be circulated overnight.

Magazines are circulated for a two weeks period. To take out a magazine, make out a slip giving the name and date of the magazine you want, with your name and English room.

Phonograph records may be circulated for two weeks. Consult the phonograph catalog

in the card catalog, for the call number of the record or records you want and ask for them by the number. Students are responsible for the safety of the phonograph records when they are in their cars. Treat them with consideration, keep them away from heat and do not use poor phonograph needles on them. A broken record must be replaced by the student.

7 Library store

The Library Club maintains a store in the reference room. There you can buy paper, ink, rulers, erasers and other school supplies. Pencils are sold at the Dean's Room. Ask the student librarian to wait on you.

8. The librarians and the student librarians are in the library to help. If you are having difficulty finding the answer to a question or selecting a book to read, ask any one of the librarians for help. We maintain a picture collection and files of book covers to help in book reports.

CLASS TALENT SHOWS

Every year the student body presents two talent shows. These shows reveal a great deal of talent, sometimes unknown to most of the students. The talent consists of singing, dancing, skits and dramatics. First the freshmen and seniors present their display of talent. Later, the sophomores and juniors present a combination of the talent from their classes. This arrangement of assemblies help to establish good feeling between upper and lower classmen, and help all students to get better acquainted. Every student is requested to be in these shows so they may have a good performance as there is much competition between the two assemblies.

SENIOR BALL

The Senior Ball is a formal dance given entirely by the seniors and their advisers. The dance is held sometime in December. The theme is always kept secret until the night of the dance.

JUNIOR PROM

The juniors give their annual dance in the spring of the year. It is a formal dance put on much the same way as the Senior Ball. There is much rivalry between the two classes as to which can put on the best dance.

SOPH HOP

The Soph Hop is a cotton and cord dance given by the sophomore class. The sophomores pick a theme as the juniors and seniors do, but their dance is not so elaborate.

FRESHMAN FROLIC

Last but not least is the Freshman Cotton and Cord dance. The freshmen prove that they have talent by putting on one of the most successful dances of the year.

SENIOR PLAY

The seniors show their dramatic talent by presenting a play in the fall of the year. Usually they

present a mystery; however, it can be either a mystery or a comedy. This play is one of the most important dramatic productions of the year and is always well attended by students and parents alike. The funds from the play provide the money for the Senior Ball.

JUNIOR PLAY

The juniors compete with the seniors by presenting a three act comedy preceding the Junior Prom. The junior's talents provide the funds for their dance also.

HONORS

VALEDICTORIAN AND SALUTATORIAN

The member of the senior class with the highest scholastic average becomes valedictorian of the class and the student ranking second highest becomes salutatorian.

BLUE CARDS

A student receiving four A's or more on his card for a six weeks period receives a blue honor card. To receive a blue card you cannot have any grades lower than a C.

HONORABLE MENTION

A student who receives three A's and no grade lower than a C is entitled to an honorable mention.

SUBJECT ACTIVITIES

BAND

Any student body member who is interested in music may become a member of the Astoria High School band. The success of the band depends on each individual. It meets one period each day and credits are given for this activity. During previous years, the band has taken part in many school and public activities. They are under the direction of Harold Withnell. During games and assemblies, the band in their colorful uniforms, add a great deal to the school spirit.

CHORUS

The Astoria High School choruses are also open to any student body member. There are to be two Mixed Choruses and a freshmen Girl's Glee Club all under the direction of Dale Barker. Several small ensembles are to be chosen by Mr. Barker. These groups are a regularly scheduled class and participate in school and public activities.

VOCATION

The typists, headliners, proof-readers, reporters, feature writers, and soph cubs all devote their time and talents to put out Astoria High's newspaper.
